Chapter 1 by Sapho

-So, kids... What do you think about pleasure?

-What do you mean?

-When you hear the word pleasure... What do you think about? What do you feel? What is the meaning and the reference that you associate with this word?

-Meaning and reference?... You have lost me old man...

-It's that so?... Hmm... Then I shall start explaining properly. Thank you from pointing that out Cynbel.

"What does this old mothefucker want from me? And why am I even here? And first of all why does he know my name?" Cynbel thought to himself.

-You can relax, Cynbel! You will find the answers to all your questions and much more... Oh... And Bianca... If you really think that way about cats, why do you have four of them?

What are you talking about? I have said I have nothing to do with it out of my mind! Who are you and why are you doing this? See more of Story Wars
I have the animals! The last time I saw them was in an accident. Don't look at me like that!

-Sure it was an accident. No one in this room thinks otherwise. Now, please sit down and clean your drool and tears with this handkerchief.

"What's wrong with this bitch?"

"Back in the asylum, ey...."

"That person needs lots of love. Good thing I am here."

"..."

"Why am I in here with these crazy common people? Old man, I know you can hear my thoughts, so answer me! Why such an intelligent and resplendent person like me is near such quasi-excuses of beings? And such a creepy old man?...Hm...At least you know how to dress... Answer me at once!!!"

"I am hungry. The boy near me doesn't look half bad... With a bit of sriracha after being long boiled for a couple of hours....Gulp... It would be quite delectable...Especially the appendix! I need to call Miriam to tell him...I mean her, the idea and make the necessary preparations. She will be very delighted considering the prison food is so atrocious!"

-Like I said before, Bianca, you can calm down, knowing that everyone here understands and respects you as a person. I personally guarantee that with my ability to read minds. Isn't that right Ani?

-Of course! I promise that I will become your best friend, resolve all your problems and show you that the only way to be happy is with love and by depending on me. I will do whatever it is necessary to help all of you!!! All that it's necessary!

-Ok...

"Creepy bitch..."

"How dare you make me wait! Answer me at once! How can a person be so ignorant of my radiant perfection?!!!"

"Is just sriracha okay? Maybe I can also put some lemon juice and season it with some garlic powder... It will be very delicious! Miriam will be so proud of me!"

-Yes, Ani, we all feel the same way. Now then, do you want something to eat?

-FOOD!!!! Yes!!!

-...How about you explain first how we got here and what do you want from us, so that we don't have to eat something from a complete stranger that abducts children and apparently can read minds? Macon shouted.

-Quick tempered, aren't we. I'm sure your sister would like that very much.

-DON'T!!! JUST DON'T! Don't ever dare to say something about my sister!!!

-Oh, please don't yell any longer Macon. Your emotional tantrum might begin to intimidate me and your defensive attitude might show that your family problems aren't just a few of your ingrained psychological problems that you constantly compensate for. But, you have a point. Now that all the important people are familiar with each other I shall begin the explanation.
